

# HEREFORDSHIRE TRAIL 2022

## About the Trail

The Herefordshire Trail is a 154-mile walking route which circuits the county, linking all the market towns. It is a real showcase of the county, taking in our river valleys, high peaks, apple orchards and celebrated Black and White villages.

Launched in 2005, the condition of the Herefordshire Trail has since deteriorated. Efforts are now underway to revitalise it, from mending bridges and clearing footpaths to updating waymarkers. This transformation will deliver huge benefits to the county.

## Relaunching Spring 2022

The Trail will be relaunched in spring 2022 with a PR campaign targeting national media and promoting sustainable travel to the county (train & bus).

In June, a special event will celebrate the revitalisation of the Herefordshire Trail and form part of the Herefordshire Walking Festival, which turns twenty this year.

## Huge benefits for the county

Long-distance walking trails are fantastic for tourism and the Herefordshire Trail is no exception:

- It will encourage visitors to stay longer and explore different locations.
- Visitors will spend on places to stay, eat and shop along the way.
- They will also call at heritage landmarks, museums, churches etc and help boost visitor numbers.

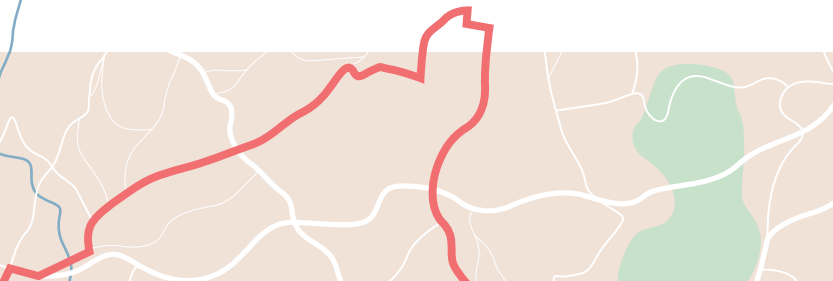

***The Herefordshire Trail has the potential to contribute to the local economy in many different ways.***

## A collaborative effort

This project is a huge team effort by Visit Herefordshire, Herefordshire Council, Balfour Beatty Living Places, Herefordshire Ramblers and many walking group volunteers.

## 2022 Lengthsman Drainage Grant Application

NATURE OF WORK
<p>This is work in line with the scope of Lengthsman Activities (Annexe 1, Part2a)</p>
WHO HAS WILL BE UNDERTAKING THE WORK?
<p>This work will be carried out by the Parish Lengthsman Dave Campbell, DC Garden Services and jetting works will be carried out by Maygothling Waste Ltd, Kington.</p>
DESCRIPTION & LOCATION OF WORK(S)
<p>Digging out of ditches, scraping of gully tops, reinstatement of the grips and removal of debris blocking culverts or exposing head walls to allow water to drain freely from the carriageway, as carried out on an annual basis within the parish of Leominster over a number of years previously. Jetting works as and when required supported by the Lengthsman to provide Stop/Go board traffic management.</p> <ul style="list-style-type: none"> <li>• U93600 - full length where required from B4361 to C1106</li> <li>• C1105 – full length from Ivington Village to A4110</li> <li>• C1106 – full length from Ivington village towards Upper Hill parish</li> <li>• U93404 – from C1106 to edge of parish</li> <li>• U93601 – from Hyde Ash to The Stoggles</li> <li>• U93605 – full length from Ivington Road to Stagbatch</li> <li>• U93607 – full length of Ginhall Lane from Pierrepont Road to Cholstrey Road</li> <li>• C1040 leading from B4361 for the short section to the boundary with the parish of Luston</li> <li>• U94205 – full length Tickbridge Lane</li> <li>• C1055 Widgeon Hill to the boundary of the parish of Kimbolton with the intention of liaising with Kimbolton Parish Lengthsman</li> </ul> <p><b>Jetting of pipes and sucking of road gullies – these works will be carried out in conjunction with Maygothling Waste Ltd.</b></p> <ul style="list-style-type: none"> <li>• U93600 - full length where required from B4361 to C1106</li> <li>• C1105 – full length from Ivington Village to A4110</li> <li>• C1106 – full length from Ivington village towards Upper Hill parish</li> <li>• U93404 – from C1106 to edge of parish</li> <li>• U93601 – from Hyde Ash to The Stoggles</li> <li>• U93605 – full length from Ivington Road to Stagbatch</li> <li>• U93607 – full length of Ginhall Lane from Pierrepont Road to Cholstrey Road</li> <li>• C1040 leading from B4361 for the short section to the boundary with the parish of</li> </ul>

Luston <ul style="list-style-type: none"> <li>• U94205 – full length Tickbridge Lane</li> <li>• C1055 Widgeon Hill to the boundary of the parish of Kimbolton</li> <li>• Disposal of liquids and solids as appropriate</li> </ul>	
<b>OUTCOME TO BE ACHIEVED</b>	
As a result of ditching works and clearing grips/culverts and head walls, it is anticipated that water flow will be improved and prevent flooding of the carriageway and properties. To liaise with Balfour Beatty over further works that may be carried out in the Herefordshire Council Annual Maintenance Plan that may improve drainage that may not be possible as a result of this scheme.	
<b>IS TRAFFIC MANAGEMENT REQUIRED? PLEASE PROVIDE DETAILS.</b>	
<ul style="list-style-type: none"> <li>• What traffic management is needed? (If Traffic Management or permitting is required, please ensure these costs are included in the application) Signage, Give/Take and Stop/Go Boards.</li> <li>• Who will be providing it? The lengthsman Dave Campbell, DC Garden Services.</li> </ul>	
<b>WHEN WILL THIS WORK BE CARRIED OUT?</b>	
Autumn 2022	
<b>COSTS OF WORK</b>	
Please supply quotes and invoices for all works undertaken and attach separately	
<b>LENGTHSMAN COSTS (EXCLUDING VAT)</b>	£16,813.00
<b>CONTRACTOR COSTS (EXCLUDING VAT)</b>	Commissioned by lengthsman
<b>TOTAL COSTS (EXCLUDING VAT)</b>	£16,813.00
